

MANDATORY PATIENT SCREENING PRIOR TO EACH APPOINTMENT

Before attending the clinic, you are required to self-assess by answering the following COVID-19 screening questions.

Clinic staff will question you regarding your self-assessment results before you will be allowed to enter the clinic treatment areas.

SCREENING QUESTIONS

1. Do you have any of the following symptoms?
 - Fever and/or chills
 - New onset of cough or worsening chronic cough
 - Shortness of breath
 - Decrease or loss of sense of taste or smell
 - If adult >18 years of age: unexplained fatigue/lethargy/malaise/muscle aches
 - If child <18 years of age: nausea/vomiting, diarrhea
2. Have you tested positive for COVID-19 in the past 10 days, or have you been told you should be isolating?

Additional questions for clients not fully vaccinated

3. Have you traveled outside of Canada in the past 14 days?
4. Have you had close contact with a confirmed case of COVID-19 without wearing appropriate PPE?

If you have answered “YES” to any of these “SCREENING QUESTIONS”, clinic staff will perform further “risk assessment” before you can proceed with in-person treatment.

**NOTE: Clients must wear a mask when attending clinic for treatments!
(If you don't have a mask with you, one will be provided at no charge)**
